

Forklift Electrical Part

Forklift Electrical Parts - Lift trucks may be particularly marked to be used in unsafe places. A marked forklift indicates the design has met the minimum requirements of ANSI/UL 558 meant for engine powered trucks or ANSI/UL 583 utilized for electric forklifts for the type of label put.

Applications for marked forklifts may be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Areas of Use, Maintenance and Operation, and Type Designations. Ask your local insurance carrier and Fire Marshall for additional info on the permitted uses of industrial powered lift trucks in your application.

If the lift truck has been found to meet the outlined criteria, the following labels could be attached. A labeled truck will have the model description placed on the lift truck nameplate and would have one of the following labels attached.
