

## Concrete Hopper

Concrete Hopper - This attachment is a self-dumping hopper that automatically starts to dump as soon as bumper release contacts the side of a dumpster. When dumping is done, the hopper returns to an upright and locked position. This piece of equipment is also existing along with a cable which enables operation from the seat of the lift truck in order to have the alternative of manually dumping the hopper. There is a locking chain provided to lock the hopper to the fork truck. This product is made with consistent and reliable robotic welds for maximum strength. The forklift dumping hopper also has a blue powder coat finish to be able to maintain durability.
