

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each global business. Transporting industrial goods happens every day on our busy world. Initially innovated as industrial vehicles during the 1930s in the United States, forklifts gained popularity following World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machinery spread internationally.

In nineteen forty nine, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Presently the business is simply called TCM Corporation. Throughout the years, TCM forklifts have become a worldwide leader in lift truck manufacturing and have built a solid reputation in the business. TCM started building forklift manufacturing sites outside of Japan in the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly makes many models of industrial forklifts with more than 50 years of accumulated technology and expertise, making their products used and recognized all over the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and intends to become a world-class leading business.
